

# NEW REPAIR & SYSTEM TEST CAPABILITY

Telemechanique (Schneider)

Magelis Graphic Terminal

*Technical Bulletin*

Model XBTGK5330

We now have the programming capability to verify functionality of the entire unit of Model XBTGK5330. This includes the ability to test each individual key on the keypad.

We now have the new keypad assembly that allows for these units to be repaired due to damage to individual keys or the screen protector.

**12 Month In-Service Warranty**

**All Units Are System Tested**

**No Charge Evaluation**
